

WEB PANEL

1. Chrome tab shows – frontend, Change it to Dr S C Deb's
2. Change the name form MR Login – SALES DASHBOARD (Login for ASM and General Party)
3. Change DIGITAL USER – DISPATCH SECTION (Login for Dispatch Section)

MR LOGIN

The image shows a login form titled "Medical Representative Login" with a subtitle "Enter your credentials to access the secure module". The form has a red header bar with a lock icon and a close button. Below the header, there are two input fields: "MR ID" with the value "sayan.samadder.004" and "Password" with masked characters. At the bottom, there are two buttons: "Cancel" and "Sign In →".

Medical Representative Login

Enter your credentials to access the secure module

MR ID

sayan.samadder.004

Password

.....

Cancel Sign In →

1.

In this section – change “Medical Representative Login” – ASM & General Party Log in
Write “USER NAME” instead of “MR ID”

2. In the option take photo – app is working as usual, in the web portal, it is redirecting to the file manager, which is fine, but not being able to select multiple images. Enable that.
3. In the take photo section – kindly add a feature just like Adobe scan or cam scanner to auto crop images and also keep the option to manually crop it.
4. Before placing the order finally, it was requested previously to show a preview of the order. The preview must show the attached files including pdf and image, party name, categories if any, remarks.
5. After multiple attachments has been uploaded in the MR section, all files are not showing, we are only being able to see 1 attachment.
6. In the web panel, while entering manual order, for every line, the category needs to be selected. Do some options, where, if I select dilution then until I change, dilutions to mother tincture or some other category for every line it will show the items of the selected category.

ADMIN PANEL

1. In the challan section – Multiple rows are there, which is needed to Add to Challan individually. Add check box along with Select All option.
2. Create provision for Part Order dispatch.
3. Change the MRP option to rate and omit the option of Amount.
4. In the status timeline change the Dispatched – Dispatched from Lab and Delivered – Dispatched from Company.

PAYMENT PANEL

1. There should be an edit option to the admin section so that the admin can in future edit any payment action. For example, if a payment has been approved, it can be later changed to rejected or vice versa.
2. Add another option of “In Hold”
3. Add bank name option in the MR end. The option will be mandatory for all the options except cash.
4. Bank Names – ICICI, SBI
5. Report – Filters needs to be added
 - By Party Name
 - By Start Date & End Date
 - Export as excel & pdf

APP

1. While entering user id and password, there is a bug where caps is turning on every letter typed.
2. PDF option not available while placing order.
3. While entering payment, when we trying to enter data to any field, the keyboard is hiding the fields, the fields are basically not rearranging according to the keyboard.
4. My Payments option in the app – shows pending but the payment has already been confirmed. The payment is also in the verified tab.
